

Business Development Manager - Thailand

Be part of something special. Join Vanden.

At Vanden, we're passionate about transforming plastic waste into a valuable commodity. Our mission: "Vanden make recycling part of the supply chain, to optimise the use of plastics. We add value and educate our team and customers as we go."

Since we started on our journey, back in 2005, we've developed a worldwide presence, serving hundreds of customers in over 20 countries.

Securing sales of our recycled plastic materials from new and existing customers will be your top priority. This position will require you to carry out detailed planning, analyse mistakes and be creative so that you meet and exceed customer expectations.
